Maybe your neighbour or a relative has a dog, do you know what breed it is?

Do you know how old your dog(s) is?

Some dogs are called 'Pedigree dogs' and they are specific breeds, they have a pedigree family tree and are registered with the Kennel Club.

Some dogs are bred from two different breeds, for example Cockerpoos.

Some dogs have a lot of different dogs as ancestors and are known as mongrels or sometimes people may say a 'Heinz 57'!

Can you guess the two breeds that have Cockerpoo puppies together?
