

Sharing pizza 3

We can write a quarter

like this :

$$\frac{1}{4}$$

Can you write one quarter, two quarters, three quarters and four quarters in the boxes ?

$$\frac{1}{4}$$

$$\frac{2}{4}$$

$$\frac{3}{4}$$

$$\frac{4}{4}$$

Draw two quarters on the pizza together on one side. What is it equal to?

Two quarter sized pieces of pizza are the same size as one half of the pizza.

Can you do this sum?

$$\frac{1}{4} + \frac{1}{4} = \frac{2}{4} \quad \text{or} \quad \frac{1}{2}$$

Try this:

$$\frac{1}{4} + \frac{1}{4} + \frac{1}{4} = \frac{3}{4}$$
